C. Because the universities are interested in your application

D. Despite the universities are interested in your application

Read a text about online learning. Circle the letter A, B, C or D to indicate the best answer to each of the questions.

Social justice, a **fundamental** principle within modern societies, advocates for fairness, **equality**, and equity across social, economic, and political spheres. Social justice addresses inequalities within areas such as income distribution, access to education and healthcare, housing, and the criminal justice system. The goal is to ensure that everyone, regardless of their background, has equal opportunities and rights.

One key component of social justice is economic equality. Economic inequalities often arise from systemic issues, including wage gaps, wealth disparities, and a lack of access to quality jobs. These economic imbalances can hinder individuals and communities from achieving financial stability. For instance, the wage gap between men and women persists

in many societies, with women typically earning less than men for the same work. Similarly, racial disparities can affect income levels, as some minority groups face greater obstacles in securing high-paying positions.

Another aspect of social justice is access to quality education. Education is widely recognized as a pathway to personal and professional advancement. However, not all individuals have equal access to quality education. In many cases, children from low-income families or rural communities may attend underfunded schools, limiting **their** educational opportunities. This educational inequality can create long-term disadvantages, affecting students' abilities to pursue higher education or secure well-paying jobs.

Question 16. Which of the following is NOT mentioned in paragraph 2?

- A. Wage gaps B. Wealth disparities C. Access to jobs D. School facilities

Question 17. What does the word “**fundamental**” in paragraph 1 is closet in meaning to _____

- A. important B. small C. difficult D. strange

Question 18. In paragraph 3, the word ‘**their**’ refers to _____ .

- A. schools
B. children from low-income families or rural communities
C. teachers
D. parents

Question 19. Which paragraph mentions **wage gaps between men and women**?

- A. Paragraph 1 B. Paragraph 2 C. Paragraph 3 D. None

Question 20. What does the word “**equality**” in paragraph 1 is opposite in meaning to _____

- A. fairness B. sameness C. inequality D. balance

B. It was recognised by UNESCO who Hoi An has become
C. It was recognised by UNESCO when Hoi An has become
D. It was recognised by UNESCO whom Hoi An has become

Read the passage and choose the best answer (A, B, C, or D)

Education Options for School-leavers

After finishing high school, many students wonder what to do next. Some choose to go to university because **they** want to continue their studies and get a degree. University students usually spend three or four years studying a subject in depth. This option is **suitable** for those who enjoy academic learning and hope to work in professions such as medicine, law, or teaching.

Others prefer vocational education. These courses focus on practical skills needed for specific jobs such as cooking, car repair, or computer programming. Vocational training often takes less time than university study, and students can start working sooner. In many countries, skilled workers are in high demand, so graduates from vocational schools may find jobs **quickly**.

A third option is taking a gap year. During this time, students may travel, work part-time, or do volunteer activities. A gap year can help young people become more independent and understand what career they really want. However, some students may lose motivation to study again after a long break.

There is no single best path for everyone. Each student should think carefully about personal interests, strengths, financial conditions, and future goals before making a decision. Parents and teachers can give useful advice, but the final choice should belong to the students themselves.

Question 16. The word “suitable” in paragraph 1 is closest in meaning to ____.

- A. harmful B. appropriate C. expensive D. difficult

Question 17. The word “quickly” in paragraph 2 is opposite in meaning to ____.

- A. slowly B. clearly C. easily D. quietly
